

NATURAL & ORGANIC

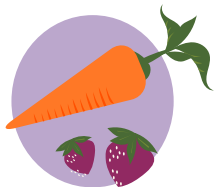

# ACTIVATED COMPOST

with PCO Mineral Complex

EXCELLENT FOR EDIBLES AND ALL PLANTS

The nutrients our plants need to thrive don't just magically appear. They come from the soil. But they only come from healthy, living soil that contains the nutrients your plants can absorb. **Adding Purple Cow Activated Compost with PCO Mineral Complex to your gardens, containers, landscapes or lawns** will infuse trace minerals, nutrients, and microbes into your soil, which will ensure that all the plants you grow will be as happy as possible.
